Live Happenings From A Certain Business Corner Where
The Local Scribe Hangs
Out And Gleans News
Worth While

SPRING IS ALMOST HERE

The Scribe on his rounds again stepped into the store of McDearman-Williams Co., and found all busy—found quite a rush on for February, and remarked to a member of the firm that they appeared to be having a splendid trade, and received the response that "business was good."

Curlee Clothes.
Curlee clothes for men and young men are carried by this firm, and we were told that each and every suit sold by them carrying this label, carries an ironclad guarantee—a guarantee that means something, one that if the suit is not satisfactory it is replaced by new suit. Their No. 6121 Blue Serge Suit is 100 per cent pure wool, velvet finish—no better serge than this in America, and this firm is having difficulty right now in keeping their supply of this suit up to the present demand. It is a real value and one that this store believes that it has no equal when quality of serge, workmanship, and price is considered.

Ladies' Ready to Wear.
Pretty Suits for ladies. Nobby Suits for girls. The big line of these Suits that this firm is now showing was indeed a wonder to the writer. The fabrics and models to him were "a thing of beauty and a joy forever"—and the dresses shown in Taffetas, Silks and Crepes, were beautiful beyond description. To fully appreciate the Ready-To-Wear Department of this store, we are forced to the conclusion that it must be seen to be appreciated. And prices looked good, being so very much lower than last season.

For the men attending the Rehabilitation School, their wives and sweethearts, a genuine good time is planned for Thursday night. A program is being prepared by one of the local churches, and ice cream and cake will be served them. There's nothing too good that we can do for these men, and these social courtesies being shown them by the good people of Cookeville is highly commended by this humble Scribe. Let others follow and keep up the good work.

An inquiry regarding prices brought a response that convinced us that McDearman-Williams Co. were always "Right There With the Pepper," when it comes to low prices. We found a big lot of beautiful Dress Gingham at only 15 cents the yard. A Ladies' Hose for 15c the pair. An Apron Gingham at 10c the yd. A Yard-wide Brown Domestic for 12½c. Beautiful Dress Silks at per yard \$1.75. Other Silks at \$1.25—all 36-in. A Paper of Pins is 5c. A Paper of Needles 10c.

Everything in the store we found to be priced on a new low price level, and when you look through this big stock of new goods fresh from the leading factories of the country, you will find as I did that everything is priced low, and reasonable.

A bushel of corn at \$1.00 today will buy as much as this store as \$2.00 would have purchased a few weeks ago.

One thing you can rely on, and that is that McDearman-Williams Co. are always abreast of the times, and that they look carefully to their customers' interests and wants.

It has become a well known fact that if you don't find it elsewhere, you will find it at McDearman-Williams Co., and that the Big Brick on the Corner occupied by this firm has one of the largest and most complete lines of Dry Goods, Shoes, Ladies' and Men's Ready-To-Wear, and Millinery in the entire country.

Here's a great satisfaction for every one of us who do their own shopping and that of their families, and that is, when you get it from these people—McDearman-Williams Co., whether purchased by you or your four year old child that you have the assurance and full satisfaction of knowing that the quality and price is right.

The Cookeville Building Co. will receive bids for ten more houses next Saturday afternoon. Bids are open to everybody. For specifications for these houses apply to Jere Whitson, Pres., or J. C. McDearman, Sec. The party making the lowest bid will receive the contract for one to ten houses. Get your pencil and wits together and be ready to capture the contract.

Quite a number of McDearman-Williams Co., friends from Monterey were seen in the store shopping. One from Clifty, two from the good country of DeKalb, all making purchases. These people know a good thing when they see it and don't hesitate to use their knowledge.

The Jackson County friends and customers of this store are always too numerous to mention—Mr. McDearman, of this firm being an old Jackson county man his friends flock to him as one in whom they have the greatest confidence, knowing full well that they get the full value of every dollar spent at the store of McDearman-Williams Co.
